Description
Set in the farming countryside of Frenaros, this field offers 10,338 m² of agricultural land. Neighbouring parcels are farmland and undeveloped ground, giving the area an open, rural character away from dense development.

The agricultural zoning makes the land suitable for farming or planting. The land has no direct road access. The village of Avgorou is a short drive away, and Liopetri is also close by.

It is a large, open parcel of agricultural ground in a working farming landscape outside Frenaros.
