Paralimni Lake is within walking distance of this residentia...

For Sale : **€ 69,000**

Description
Paralimni Lake is within walking distance of this residential plot, so a morning walk by the lake can begin right at your own front gate. Restaurants and cafés are also within walking distance, which makes an evening coffee or a dinner out an easy stroll.

The land is a neat rectangle of 644 m² with a flat, even surface. That simple shape makes it easy to lay out a home and set your design priorities from the very start. The plot has direct road access, and water, electricity and telecommunication services are available.

The residential zoning allows a home of up to two floors. The neighbourhood around it is a mix of apartment blocks, detached and semi-detached houses, and plots that have not yet been built on.

It is an uncomplicated parcel, with room for a home designed around your own plans. The lake and the everyday life of Paralimni are a short walk from the front door.
