For Sale : **€ 66,000**

Description
Set in open countryside between the villages of Polemi and Stroumpi, this agricultural field covers 6,689 m² in the Paphos district. A long stretch of its boundary runs along a footpath. The neighbouring parcels are farmland and undeveloped land, which gives a low-intensity rural setting away from dense development.

The agricultural zoning suits farming and planting. Polemi's village centre is a short drive away, and the Limassol - Paphos Motorway is a drive away. This is a sizeable, open parcel of farmland in the countryside of Polemi.
