For Sale : **€ 65,000**

**Description**
The sea lies only a short distance away, and the village of Kato Pyrgos gathers close by. Here, a field in a residential zone sits among open, undeveloped parcels, and the coast is part of daily life.

Residential zoning gives this land a clear purpose: room for a home of up to two floors. Picture mornings that begin with the sea just beyond the village, and evenings that end at a café or restaurant in the village centre, a short drive away. Pano Pyrgos and Pigenia are close neighbours, and Gialia Monastery is among the heritage sites of the wider region.

The land has no direct road access. The sale is for a 1/2 share of the field.

Coast, village and open land meet here, in an unpretentious corner of Kato Pyrgos where the pace is set by the sea.
