For Sale : **€ 58,000**

Description
Just beyond Anageia village, in the Nicosia countryside, this field sits where village life meets open land, with the Pedieos river close by. Around it, homes stand side by side with farmland and undeveloped parcels, giving the area a green, open character that still keeps the village within easy reach.

The land lies in a residential zone, so its natural use is a home, with room for a house of up to two floors. Picture a family home taking shape here, with the village rooftops close at hand and the river landscape near by. The village centre is a short drive away, and schools are a short drive away too, so everyday life stays simple.

The field has no direct road access. The sale is for a 1/2 share of the field.

An unpretentious piece of residential land on the edge of Anageia, valued for its village setting and the countryside around it.
