For Sale : **€ 55,000**

Description
Just outside the village of Lythrodontas, in the Nicosia district, this field of 2,007 m² sits in an area where homes stand alongside open, undeveloped parcels. It is a setting where village life and room to build sit side by side.

The land lies within a residential zone, with room for a home of up to two floors. A sizeable plot gives you scope to shape a house around your own plans, in a neighbourhood where other homes already stand.

The village centre is a short drive away, as is neighbouring Mathiatis, so everyday life in the area stays close at hand. The field has no direct road access.

A sizeable piece of residential land at the edge of Lythrodontas, waiting for the home you have in mind.
