For Sale : **€ 57,000**

Description
Agia Fylaxis is a settled residential part of Limassol Municipality, where the wider neighbourhood is shaped by detached and semi-detached houses built to a mid to high specification. It is a setting of family homes and city life, and that character frames this land.

Two adjoining fields sit side by side here, one roughly rectangular and the other closer to a triangle. Together they form a sizeable piece of land of 12,933 m², with residential as the general use of its zone, in keeping with the houses that surround it.

Schools and green space are part of the wider area, adding to the everyday appeal of this corner of Limassol. The land has no direct road access. The sale is for a 1/15 share of the two fields.

A large stretch of residential land among well-kept homes, offered as it is, in a neighbourhood with a clear residential character.
