For Sale : **€ 57,000**

Description
Village life in Pachna gathers around its centre, and this land sits right in the middle of it. Two adjoining fields, together 717 m², lie among homes in the heart of the village, with cafés and restaurants an easy stroll away and a school right next door.

The land is in a residential zone, with room for a home of up to two floors. It has direct road access, with frontage onto a public road and a longer stretch along a path that is used as an asphalted road. The neighbourhood around it is made up of homes, giving it a settled, lived-in feel.

Picture a house of your own here, close enough to walk out for a morning coffee or an evening meal, and part of a Cypriot village where neighbours still know one another. Life here moves away from the pace of the city while everything you need day to day stays close at hand.

A well-placed piece of land to build a home where the life of Pachna happens.
