

For Sale, Land, Field, Nicosia, Mitsero, 1,673m²

Just outside the village of Mitsero, in the Nicosia district...

For Sale : **€ 53,000**

Description
Just outside the village of Mitsero, in the Nicosia district, this residential field offers 1,673 m² of land with room for a home of up to two floors. Undeveloped parcels lie all around it, so the land sits in an open, unbuilt setting where you can imagine your own place taking shape.

The field has a long frontage along a footpath. As residential land, its natural use is a family home, sized and planned to suit your own ideas.

Village life is close at hand. Mitsero's village centre is a short drive away, and the neighbouring villages of Agrokipia and Agioi Iliofotoi are a short drive too. For time outdoors, the lake at the old Mitsero mines is within easy reach.

A sizeable piece of residential land on the edge of Mitsero, with open ground around it and the village close by, ready for you to picture a home here.
