For Sale : **€ 48,500**

Description
Just outside Pano Pyrgos, this field lies among farmland and open parcels, with a scattering of homes across the countryside around it. It is a relaxed rural setting, where the village sits close by and the land around it stays green and open.

The field falls within a residential zone, which gives room for a home of up to two floors. Picture a family house on its own ground at the village's edge, with neighbouring fields stretching out beside it and the familiar life of a small community close at hand.

The larger village of Kato Pyrgos is a short drive away for everyday errands, and the Gialia Monastery makes a rewarding outing a little further afield.

The land has no direct road access. The sale is for a 1/2 share of the field. What remains is an honest, uncomplicated piece of residential land, set where village and countryside meet.
