Description
Village life sets the tone here. This residential field in Astromeritis covers a generous 2,202 m², in a neighbourhood where open parcels of land sit alongside homes already built. Schools are within walking distance, and the village centre is only a short drive away.

The residential zoning gives room for a home of up to two floors, with plenty of land around it to shape the layout to your own liking. Daily life can settle into the rhythm of the village, and neighbouring Peristerona is a short drive away for a change of scene.

The land has no direct road access.

What remains is a sizeable piece of Astromeritis on which to imagine a family home, close to the schools and everyday life of the village.
