Description
Set in the countryside outside Kapedes village, this agricultural field covers 20,736 m² in the Nicosia district. It lies among other agricultural and undeveloped parcels, and a registered footpath runs along one side of the land.

The land is zoned for agriculture, which suits farming or planting. The centre of Kapedes is a short drive away, as are the villages of Filani and Politiko. The motorways linking Nicosia with Limassol and Larnaca are within a drive. This is a large agricultural field in a farming landscape.
