Description
Two adjoining fields make up this agricultural holding in Episkopeio, in the Nicosia district. Together they cover 14,048 m². The land lies among other farmland and undeveloped parcels, in an area planned for animal husbandry. The villages of Politiko and Arediou are also within the wider area.

As agricultural land, it can be farmed or planted. The land has no direct road access.

Two neighbouring fields form one large, continuous piece of farmland in the Episkopeio countryside.
