Description
In the countryside of Kalopanagiotis, surrounded by undeveloped parcels of land, lies an agricultural field of 10,386 m². Its agricultural zoning suits farming or planting.

The ground is uneven and falls away on a steep slope, which any plans for cultivation will need to take into account. The land has no direct road access. The neighbouring villages of Oikos and Gerakies are a short drive from the area, as is the village centre.

This is a large, sloping agricultural field set among open, undeveloped land.
