Description
In the farmland of Palaiometocho, two adjoining fields form a single holding of 3,173 m². The land is zoned for agricultural use and sits among other agricultural and undeveloped parcels, so the surroundings stay rural. Kokkinotrimithia and Agioi Trimithias are among the neighbouring villages. Together, the two parcels give one combined area for farming or planting. The land has no direct road access. It is a sizeable piece of agricultural ground in the Palaiometocho countryside.
