Description
Set among farmland in the Politiko area of Nicosia, this agricultural field covers 3,679 m² and is zoned for farming use. The neighbouring parcels are agricultural or undeveloped, which gives it a rural setting away from dense development.

One side of the land borders a registered footpath. Politiko and Kampia villages are both a short drive away, and the Nicosia–Limassol motorway serves the wider area. This is a sizeable piece of agricultural land in the countryside around Politiko.
