Description
Village life sits close at hand here. This field lies just a short way from the centre of Kaliana, in a residential setting where open parcels sit alongside several homes. Beyond the village, the woodland of the Troodos National Forest Park is a short drive away.

The land is made up of two parcels with a combined area of 958 m². It sits in a residential zone, with room for a home of up to two floors. Here you could picture a house shaped around your own plans, with the centre of Kaliana close by and a calm, village rhythm to the days.

A registered road runs along one side of the land on paper, but it does not exist on the ground.

A home here would keep Kaliana's centre close, with the green slopes of Troodos within easy reach for days out.
