For Sale : **€ 32,000**

Description
Right in the centre of Flasou, among village homes and a few open parcels, this residential field puts you at the heart of a Solea valley village. The Solea Reservoir is a short drive away, bringing water and green landscape within easy reach for weekend walks and slow afternoons.

The residential zoning means room for a home here, in a setting where neighbours and village life are part of every day. Most of the land allows a home of up to two floors, and a smaller part allows up to three. The land fronts a road, so it has direct road access.

Imagine settling into village rhythms close to Flasou's centre, with neighbouring Linou also a short drive away for a change of scene.

The sale is a 1/3 share of the field. Under a distribution agreement, this share translates into two plots under division, each with its own road frontage. It is a grounded starting point for a home in the centre of a Solea village, close to the reservoir and the life of the valley.
