For Sale : **€ 31,000**

Description
Village life sets the tone here. The centre of Kapedes is close by, and restaurants and cafés are within an easy walk. This residential field of 710 m² sits among homes and open parcels of land, with room for a home where the village is part of everyday life.

The land fronts the road along two of its sides, so it has direct road access. Its residential zoning allows a home of up to two floors, and your plans can take shape within the familiar rhythm of the village.

Weekends can stretch beyond the village too. Tamasos Lake is a short drive away, a gentle change of scene when you want to spend time outdoors.

A plot close to the heart of Kapedes and its cafés, with room for the home you have in mind.
