For Rent : **€ 670**

Description

High-Yield Development and Strategic Acquisition

This expansive corner commercial plot in Kaimakli represents a standout opportunity for investors looking to secure a foothold in one of Nicosia's most rapidly evolving neighborhoods. With a building density of 140% and a special ΕΠ6 zoning, the property offers a versatile framework for a four-storey landmark. This specific zone is uniquely advantageous, allowing for a wide range of high-yield uses beyond traditional offices, including large-scale retail showrooms, hyperstores, and student housing. The corner positioning provides the essential visibility and multiple access points required for high-traffic commercial ventures. Investing in such a sizable asset in this up-and-coming district ensures a future-proof investment backed by 3 decades of experience.

Description Huge, corner, commercial plot available in Kaimakli. Suitable for the erection of a four-storey building. Price is negotiable. The property features a level topography and extensive road frontage on two sides, offering a streamlined foundation for a high-impact architectural project in a neighborhood defined by industrial heritage and modern commercial revitalization.
