Description
A short way outside the village of Potami, in the Nicosia district, lies a large agricultural field of 17,392 m². Its zoning points to farming, and the land around it is made up of undeveloped parcels, which gives it an open, rural setting. The land has no direct road access.

The village centre is a short drive away, as are the neighbouring villages of Vyzakia and Agia Marina Xyliatou. This is a sizeable field for farming or planting in the Potami countryside.
