For Sale : **€ 26,500**

Description
Just outside Salamiou village, these two fields lie in a residential setting. Homes stand alongside open land, and the village's restaurants and cafés are within walking distance. Life here follows the easy, unhurried pace of a Cypriot village, with the everyday comforts of the village close at hand.

Both fields are zoned for residential use, offering room for a home of up to two floors. Each has direct road access: one has a road frontage along one side, and the other meets a dirt road along one border. It is honest, uncomplicated land in a neighbourhood that is already home to others.

Picture a morning coffee in the village before a drive out to Arminou Reservoir for an afternoon by the water. Salamiou keeps you close to village life while the countryside of the Paphos district opens up around you.

The sale is a 1/2 share of each of the two fields.

A residential setting on the edge of Salamiou, with the village and its cafés only a stroll away.
