For Sale : **€ 25,000**

Description
Just a short walk from the centre of Sia, this field sits within the everyday life of the village, among homes and parcels of land still waiting for their own story. It lies on residential land, with room for a home of up to two floors, a place where morning coffee and evening gatherings could one day sit a few steps from the village heart.

The neighbourhood around it mixes residential developments with undeveloped plots, so the setting keeps its village scale. Schools are a short drive away, keeping daily routines close at hand, and the neighbouring village of Mosfiloti is also within easy reach by car.

The field has no direct road access. The sale is for a 1/2 share of the field.

Residential ground so close to the centre of Sia offers an honest, uncomplicated foothold in village life, with the heart of the community almost on its doorstep.
