For Sale : **€ 24,000**

Description
Kakopetria sets the scene for this field, where the Troodos National Forest Park is only a short drive away and the village centre is close by car. It is a place where a weekend can begin with a coffee in the village and carry on under the trees of the forest park.

The field sits within a residential zone, in a neighbourhood of homes and undeveloped parcels, so its natural use is a home. The zoning allows a house of up to two floors, enough to picture a family home with Kakopetria's village life all around it. The land has no direct road access.

Owning land here means a stake in one of the villages of the Nicosia district, with the forest park and the village centre both within easy reach. The sale is for a 1/3 share of the field.

Residential land in Kakopetria, with the forest park a short drive away.
