For Sale : **€ 21,100**

Description
In the village of Peristerona, in the Nicosia district, this field lies among open, undeveloped parcels of land, with the village centre and its schools a short drive away. It is a calm, unhurried setting to begin imagining a home.

The land is zoned for residential use, so there is room for a home here, and the local planning allows up to two floors. The field has direct road access, with a long frontage along a public dirt road.

Picture the outline of a family house taking shape on this ground, with village life close by for the school run and errands, and open land around it. The sale is for a 1/2 share of the field.

A residential plot in a village setting, with a road at its edge and space for a home in mind.
