For Sale : **€ 17,500**

Description
Kannaviou's village life sets the tone for this residential field, which sits right beside a church among homes and open parcels of land. The village centre, with its restaurants and cafés, is a short drive away, and so is the Kannaviou Reservoir, a natural spot for an unhurried afternoon outdoors. A short drive also takes you to the neighbouring village of Kritou Marottou. The field has a long frontage on a registered road along two of its sides, which gives it direct road access. Its residential zoning allows room for a home of up to two floors, so you can plan a place of your own within an established village. Think of the home you could shape here, with the church as your neighbour and village life all around you. The sale is for a 250/4097 share of the field. Village surroundings, the reservoir close at hand and a road at its edge make this a grounded starting point for a home in Kannaviou.
