Description
Set in farmland outside Lythrodontas village and not far from Lythrodontas Dam, this agricultural field lies among other farmed and undeveloped parcels, away from dense building. Its agricultural zoning suits farming and planting. The field has direct road access along its frontage, which makes it easy to reach the ground with vehicles and equipment.

Kapedes is a short drive away, and the Nicosia–Limassol motorway is within a drive for wider travel. The sale is for a 1/3 share of the field. It is a straightforward piece of agricultural land in working countryside.
