Description
Open countryside surrounds this agricultural field in Kampia, in the Nicosia district. It covers 5,017 m² of land zoned for agricultural use, giving a sizeable parcel for farming or planting. The neighbouring land is made up of undeveloped parcels, so the setting stays rural.

The land has no direct road access. The villages of Kapedes, Fikardou and Politiko lie within a short drive, which gives the area its farming village character.

This is a large, open parcel of agricultural land in the Kampia countryside.
