Description
In the farming country of Pano Pyrgos, Nicosia, two adjoining fields lie among other agricultural and undeveloped parcels. The village centre and neighbouring Pigenia are each a short drive away. The land is zoned for agriculture and suits farming or planting. One of the fields fronts a footpath, while the other has no direct road access. The sale is a 1/9 share in each of the two fields. Together they form a plain piece of agricultural land in a landscape still given over to farming.
