For Sale : **€ 8,500**

Description
Set among farmland and undeveloped parcels outside Galata village, this agricultural field covers 3,011 m² in open countryside. The land around it is made up of similar farming and undeveloped plots, so the setting stays rural and away from dense development. The land has no direct road access.

The agricultural zoning suits planting and cultivation. The field could also be a practical addition to an existing agricultural holding in the area. Galata's village centre is close by, and the village of Kakopetria is not far away. This is a sizeable piece of agricultural land in the Galata countryside.
