Description
For Sale | Residential Plot in Strovolos, Nicosia – 608 m²
A residential plot of 608 m² is available for sale in Strovolos, Nicosia, offering attractive possibilities for the development of a private residence in one of the capital's established residential municipalities.
The property benefits from a 60% building density and a 35% coverage factor, providing flexibility for the design of a comfortable family home with outdoor living areas.
The generous plot area allows prospective buyers to explore different architectural layouts, incorporating features such as a private garden, outdoor seating areas and parking facilities, according to their individual needs and preferences.
Strovolos offers a convenient residential setting with a wide range of everyday amenities, including schools, supermarkets, pharmacies, shops, cafés and recreational facilities. The municipality also benefits from connections to central Nicosia and the surrounding residential and commercial areas.
The combination of land size, residential planning parameters and urban location makes this property an appealing choice for individuals seeking to design and build a home tailored to their lifestyle, as well as developers exploring residential development possibilities, subject to the necessary planning approvals.
