Description

Livestock Land for Sale in Mitsero, Nicosia.

G. Plazarou Estate Agents proudly presents a livestock field for sale in the Mitsero community, located in the Nicosia district of Cyprus. This is a fantastic opportunity for agricultural investors or individuals seeking land for livestock development.

The property is located approximately 2.9 km southeast of the Mitsero community center and 1.2 km west of the Nicosia-Palaichori main road connection, offering easy access to surrounding areas while maintaining a peaceful rural atmosphere.

The land has an irregular shape and an inclined surface, and is currently accessible via a non-registered road. Its positioning and landscape make it ideal for both livestock farming and agricultural exploitation.

Importantly, the field falls within a zoning area that allows for a building factor of up to 30%, depending on the specific type of development—offering flexibility for future use or expansion.

Whether you're planning to invest in livestock land in Cyprus or seeking agricultural property in the Nicosia district, this field represents a promising opportunity with great potential.
