For Sale : **€ 75,000**

Description
Defining the Standard of Modern Living begins with securing a position in a community designed for growth and tranquility. This unique under-division plot in Agia Varvara is an exceptional find for those who seek a balance between small development and high-value living. Situated in a quiet and friendly neighborhood, the property offers a rare combination of residential peace and seamless connectivity, making it a standout choice for a sophisticated family home or a high-yield residential project.

Balance between Small Development and High-Value Living

The property is nestled within the Kα6 residential zone, providing a robust building density of 90% and a coverage factor of 50%. These specifications offer significant versatility for developers or private owners, allowing for the creation of a high-value residence or a pair of modern semi-detached houses. With an allowance for 2 floors and a maximum height of 10m, you have the flexibility to design a vertical space that maximizes natural light and internal floor area. Choosing a plot with these high-yield characteristics ensures your project remains a secure and solid asset for over 3 decades of experience.
