Description

Build the foundation of your future with this premier commercial plot situated in a high-profile location adjacent to Larnakos Avenue in Aglantzia. This property is where your vision takes shape, offering a high-yield environment for those who prioritize strategic urban presence and a sophisticated architectural footprint. Positioned in one of Nicosia's most active commercial corridors, this site provides the perfect starting point for a landmark office complex or a high-end mixed-use development designed to meet the elite standards of the capital's business community.

High-Yield Development and Strategic Acquisition

Falling within the Eß3 commercial zone, this asset is a top-tier choice for high-yield development and strategic investment. With an impressive building density of 160% and a coverage factor of 50%, the land offers exceptional potential for a substantial vertical project. These specifications allow for a robust architectural design of up to 6 floors with a maximum height of 24 metres, allowing developers to maximize return on investment through large-scale workspace or retail environments. Securing a plot with such superior building factors in a prime commercial artery ensures that your development remains a high-value asset for 3 decades of experience.
