Description

Strategic Acquisition: High-Yield Commercial Development Land in Strovolos

This expansive 2,195 m2 commercial plot, situated in a prime, high-visibility sector of Strovolos, presents a sophisticated opportunity for investors focused on High-Yield Development and Strategic Acquisition. Falling within the Eβ4 planning zone with a robust building density of 140% and a coverage factor of 50%, the property is perfectly calibrated for the development of a major commercial landmark, such as a flagship retail center, corporate office headquarters, or premium showrooms. Its substantial scale and high-density parameters make it a high-performance asset for any Cyprus real estate investment looking for a project with substantial ROI potential in the capitals most active commercial district.

The plots technical specifications allow for a modern architectural project that maximizes both vertical space and urban functionality, benefiting from exceptional exposure in a high-traffic area. As a standout choice among plots of land for sale in Strovolos, this property offers the scale and versatility required for top-tier commercial development. Choosing G&P Lazarou trusted properties ensures you are acquiring a site with the professional and authoritative foundation required for a successful venture in a location where urban growth meets high-prestige business potential.
