### Description

Secure a piece of Nicosia's most elite landscape with this premium 682 m<sup>2</sup> residential plot in Engomi – the ultimate foundation of your future.

Positioned in the highly sought-after Hilton Nicosia area, this property offers an unparalleled high-value living experience in one of the capital's most prestigious residential enclaves. This is a rare opportunity to design and build a bespoke luxury villa or a sophisticated high-end development that reflects the status and elegance of its surroundings. In an area where land is a finite and precious resource, this plot serves as a secure anchor for both a dream lifestyle and a strategic long-term investment.

### Exceptional Development Potential and Yield

Falling within the Kα6 residential zone, this asset is a prime choice for those looking to balance small-scale development with significant yield potential. With a building density of 90% and a coverage factor of 50%, the land allows for substantial architectural freedom to create expansive living spaces over two floors. The immediate area is defined by opulent mansions, high-quality residences, and a quiet, secure atmosphere, ensuring that any project developed here will maintain its value and prestige for 3 decades of experience. This plot is perfectly suited for developers and individuals who demand excellence, providing the ideal ground for a high-end residential complex or an exclusive private estate.
