For Sale : **€ 484,000**

Description
High-Yield Residential Plot in Agios Vasileios – Strategic Investment Opportunity

Whether you are a family ready to build your custom forever home or a smart investor looking to develop a profitable residential project, this generous 1,118 sqm building plot in the popular Agios Vasileios area of Strovolos offers the perfect blank canvas. Buying land in this established and highly accessible neighborhood provides the ultimate freedom to bring your architectural vision to life, surrounded by a community that guarantees long-term value. This site is a high-value residential opportunity specifically suited for those who prioritize central connectivity and modern living in one of Nicosia's most active urban sectors.

Versatile Development Opportunities

Boasting a well-positioned surface in the desirable Ka6 zone, this property is primed for immediate construction. With a 90% building density and a 50% coverage ratio, the zoning offers fantastic versatility: it is perfectly sized for a large, multi-level family house with extensive private gardens or a small development of residential units for high-yield returns. The plot is ideally suited for those looking for plots of land for sale in Strovolos that balance suburban comfort with strong development potential, making the transition from blueprint to reality incredibly smooth with a structural allowance for 2 floors and 10 meters in height.
