Description

Build the foundation of your future with this prime residential plot of 574 sqm, situated in an enviable location within the vibrant district of Aglantzia. This property is where your vision takes shape, offering a serene and high-value environment for those who prioritize privacy, space, and a refined quality of life. Positioned near the academic heart of Nicosia, this site provides a unique opportunity to create a private sanctuary or a custom-designed home in a neighborhood characterized by stable growth and consistent demand.

Family Living and Long-term Investment

Falling predominantly within the Kα6 residential zone, this asset is a prime choice for those focusing on family living and long-term investment. With a building density of 90% and a coverage factor of 50%, the land emphasizes a balanced living environment that allows for custom homes with generous proportions and significant outdoor space. These specifications allow for the construction of an elegant residence across 2 floors with a maximum height of 10 metres, while the small portion of Δα2 zone ensures a touch of protected green space nearby, preserving the suburban character of the area. Investing in a plot with such favorable factors and a ready title deed ensures that your project remains a secure and solid asset for 3 decades of experience.
