Description

For Sale Land In Pyrga, Larnaca
Practical Development Opportunity
Located in the peaceful and scenic area of Pyrga, Larnaca, this massive 13,000-square-meter residential land offers a highly practical and lucrative opportunity for large-scale developers or investors. It is a solid, functional asset in a serene environment, making it the ideal blank canvas for constructing a comprehensive residential complex or a subdivision of custom homes.

Zoning & Build Potential

This substantial plot falls entirely within the H5 residential zone (100%), offering highly favorable development parameters for a project of this scale. With a building density of 30% and a coverage factor of 20%, the vast land area allows for significant construction volume while maintaining expansive outdoor, green, and communal spaces. The zoning permits structures up to 2 floors with a maximum height of 8.3 meters, providing excellent flexibility for a major residential development.
