### Description

For Sale Residential Land In Tseri, Nicosia.

An excellent opportunity to acquire a substantial residential field in the rapidly developing municipality of Tseri, Nicosia. With a total land area of 1,505 m<sup>2</sup>, this property offers exceptional development potential, making it an ideal choice for developers, investors and private buyers seeking a valuable residential asset in one of the capital's most expanding suburban areas.

The property falls entirely within the Kα8 Residential Planning Zone, benefiting from a 60% building density, 35% coverage factor, permission for development of up to 2 storeys, and a maximum building height of 10 metres.
