Description

For Sale Residential Plot In Lakatameia, Nicosia

Strategic Land Investment in Lakatameia

Experience an exceptional and highly practical residential opportunity with this premium residential plot, strategically located in the high-potential and rapidly growing district of Lakatameia, Nicosia. This property represents a top-tier land proposal, offering a solid, high-value, and highly functional asset for contemporary residential development or long-term strategic holding. Designed for individuals, families, or developers who demand the perfect balance of suburban peace, privacy, and seamless access to the capital, the plot stands as an ideal canvas for construction. Its strategic position ensures a smooth daily routine, making it a secure choice in one of the district's most family-friendly, established, and well-connected premium residential communities.

Development Potential & High-Value Residential Features

The property features a comfortable, level, and highly efficient development space, meticulously matching rigorous contemporary urban standards. Characterized by excellent planning metrics, the plot offers a building density of 80% and a coverage factor of 45%, allowing for the construction of a spacious 2-storey residential building with a maximum height of 10 meters. This premium plot benefits significantly from being situated on a registered public road, ensuring immediate planning permission readiness and hassle-free utility connections. Whether designing a luxury custom family villa or a selective low-rise residential development, this plot ensures a highly practical investment environment with immediate access to necessary regional infrastructure.
