Description
For Sale Residential Plot In Lakatameia,Nicosia
Strategic Land Investment in Lakatameia
Experience an exceptional and highly practical real estate opportunity with this premium residential corner plot, strategically located in a high-potential, rapidly growing, and beautifully connected neighborhood in Lakatameia, Nicosia. This property represents a top-tier land proposal, offering a solid, high-value, and highly functional asset for custom residential development or long-term strategic holding. Arriving with a generous total area of 558 square meters, the plot is masterfully positioned as a corner property, granting enhanced architectural flexibility, increased privacy, and dual frontage. Designed for individuals, families, or contractors who demand the perfect balance of a peaceful suburban setting, expansive building freedom, and direct road connectivity to the capital city, this asset stands as an ideal canvas. Its strategic position ensures a seamless daily routine, making it a secure choice in one of Lakatameia's most established and well-connected premium residential zones.
Development Potential & High-Value Residential Features
The property features an outstanding development space spanning 558 square meters, meticulously matching rigorous contemporary urban planning standards, optimized for premium family residences or low-rise developments. Falling 100% within the highly sought-after Κα6 Residential Planning Zone, the plot is favored by an excellent building density factor of 90% and a coverage factor of 50%. According to its official zoning metrics, it allows for the construction of a substantial residential structure spanning up to 2 storeys with a maximum structural height allowance of 10 meters. A key premium feature of this plot is its position as a corner lot with direct access onto a fully registered public road network, ensuring immediate planning permission pathways, dual entry options, and seamless infrastructural integration for water, electricity, and telecommunication networks.
