Description

For Sale Residential Plot in Panagia, Nicosia

Discover an outstanding development opportunity with this residential plot located in the highly sought-after area of Panagia, Nicosia. Positioned in a well-established residential neighbourhood with excellent access to the city centre and all essential amenities, this property presents an ideal investment for private homeowners, developers, or investors looking to maximise its exceptional building potential.

The plot extends to 707 sq.m. and falls within the Kα3 Residential Planning Zone (100%), benefiting from an impressive 140% building density, 50% coverage factor, a maximum building height of 17 metres, and permission for up to 4 floors. These excellent planning characteristics provide outstanding flexibility for the construction of apartment buildings, modern residential developments, or a spacious private residence, subject to the relevant planning approvals.

The property currently includes a small existing house, which requires demolition before redevelopment. This provides the new owner with a blank canvas to fully utilise the plot according to their own architectural vision, without being restricted by the existing structure.

Located in one of Nicosia's most convenient residential districts, the plot enjoys immediate access to schools, universities, supermarkets, parks, healthcare facilities, and the city centre, making it an exceptional opportunity for both residential development and long-term investment.
