Description
Residential Plot for Sale in Kiti, Larnaca
G&P Lazarou Estate Agents presents this residential plot for sale in Kiti, Larnaca, offering an attractive opportunity for buyers seeking land for residential development in an established and popular area. The property has a plot area of 279 sq.m. and benefits from a registered road, providing an important advantage for future development and accessibility.
The property falls within H2 Residential Planning Zone, with a 90% building density and 50% coverage, providing a solid framework for residential development. Based on the stated planning coefficients, the permitted building density corresponds to approximately 253 sq.m. of total buildable area, subject to the applicable planning and building regulations and the final approved design.
Kiti is a well-established community in the Larnaca District, offering a convenient residential environment with access to everyday amenities, schools, shops, services and major road connections. Its proximity to the coastline and Larnaca International Airport further enhances the area's appeal for permanent residence, holiday use or property investment.
The plot's manageable size makes it particularly interesting for buyers looking to develop a private residence in a well-connected location. The combination of residential zoning, registered road access and favourable development coefficients makes this an opportunity worth considering for individuals, families, developers or investors looking for land for sale in Kiti, Larnaca.
