With approximately 200 sq.m., Energy Efficiency A+, three bedrooms and a large covered veranda, this residence has been designed around comfort, natural light, privacy and contemporary living.
The spacious open-plan living and dining area features large openings that fill the interior with natural light and create a seamless connection with the generous covered veranda. For residential rental, there is also the option to have the apartment delivered either unfurnished or with custom-made premium minimal furnishing, specially designed around the property's architecture, proportions and materials. The proposed interior combines white, greige, soft grey, natural wood tones and subtle black details for a refined and timeless aesthetic.
The location is a major advantage, being close to the Presidential Palace, a park, The English School, The Junior School and other schools, while providing easy access to the city's main road networks.
