Description
High-Yield Mixed-Use Plot in Agios Vasileios – Strategic Acquisition for High-Value Development
Whether you are a visionary developer ready to establish a landmark mixed-use project or a smart investor looking to secure a high-yield asset, these three adjoining building plots in the Agios Vasileios quarter of Strovolos offer the perfect blank canvas. Buying land in this established and highly accessible neighborhood provides the ultimate freedom to bring a dual-purpose architectural vision to life, benefited by a total area of 526 m² that guarantees long-term value. This site is a strategic acquisition specifically suited for those who prioritize maximum ROI and high-density development in one of Nicosia's most active urban corridors.
Strategic Development and Yield Potential
Boasting a prime position with dual zoning in the commercial Eb5 and residential Ka6 zones, this property is primed for immediate construction. With a 120% building density for the commercial portion and 90% for the residential segment, the property offers fantastic versatility: it is ideally suited for a high-yield development, specifically a modern office building, retail flagship, or a sophisticated residential complex. The zoning allows for maximum utilization of the plot's area, providing a clear path for developers looking to capitalize on the high demand for premium business and residential space to maximize yield potential in a high-value urban hub.
