For Sale : **€ 168,000**

Description
For Sale | Industrial Plot of 1,350 m² Under Subdivision with 39.39 m Road Frontage in Kokkinotrimithia, Nicosia
An industrial plot with a total area of 1,350 m² is available for sale in Kokkinotrimithia, Nicosia District. The property presents an attractive opportunity for businesses, developers and investors seeking industrial land with development potential in the wider Nicosia area.
The plot falls within Industrial Planning Zone B1, featuring a building density coefficient of 90% and a coverage ratio of 50%, offering considerable potential for industrial development, subject to the necessary planning and building approvals.
Based on the stated planning coefficients, the property has a theoretical maximum buildable floor area of approximately 1,215 m² and a theoretical maximum ground coverage of approximately 675 m². These figures are indicative and remain subject to the applicable planning regulations, development restrictions and approvals.
One of the property's main advantages is its road frontage of approximately 39.39 metres, which may provide flexibility for the architectural design and layout of a future industrial development. The generous frontage offers potential for practical vehicle access, loading and unloading arrangements, and efficient organisation of operational areas, depending on the approved subdivision plan.
The plot is currently under subdivision, and prospective buyers should verify the relevant subdivision permits, completion requirements, road access arrangements and the procedure for issuing a separate title deed before proceeding with a purchase.
The property's size, substantial road frontage and industrial planning characteristics make it an interesting option for the development of industrial premises, production facilities or other permitted industrial uses, subject to the applicable planning regulations and licensing requirements.
Located in Kokkinotrimithia, the property benefits from its position within the wider Nicosia district, offering connections to neighbouring communities and the regional road network.
Important points of interest in the wider area include Kokkinotrimithia Village Centre | Mammari | Paliometocho | Nicosia Mall | Nicosia–Troodos Road Network.
Combining its 1,350 m² land area, 90% building density, 50% coverage ratio, 39.39-metre road frontage and location in Kokkinotrimithia, this industrial plot represents an appealing opportunity for businesses and investors seeking land for future industrial development.
