For Sale : **€ 163,750**

Description
For Sale | Residential Plot of 618 m² Under Subdivision with 22.50 m Road Frontage in Geri, Nicosia
A residential plot with a total area of 618 m² is available for sale in Geri, Nicosia District. The property presents an attractive opportunity for individuals, families, developers and investors seeking residential land with development potential in the wider Nicosia area.
The plot falls within Residential Planning Zone Kα8, featuring a building density coefficient of 60% and a coverage ratio of 35%, offering potential for residential development, subject to the necessary planning and building approvals.
Based on the stated planning coefficients, the property has a theoretical maximum buildable floor area of approximately 370.80 m² and a theoretical maximum ground coverage of approximately 216.30 m². These calculations are indicative and remain subject to the applicable planning regulations and approvals.
One of the property's notable features is its road frontage of approximately 22.50 metres, which may provide flexibility for the architectural design and layout of a future residential development. The frontage offers potential for convenient access arrangements and efficient use of the available land, depending on the approved subdivision plan.
The plot is currently under subdivision, and prospective buyers should verify the relevant subdivision permits, completion requirements, road access arrangements and the procedure for issuing a separate title deed before proceeding with a purchase.
With its generous land area and residential planning characteristics, the property is suitable for consideration for the construction of a private residence or another permitted residential development, subject to the applicable regulations and approvals.
Situated in Geri, the property benefits from its position within the wider Nicosia residential area, with access to neighbouring communities, educational institutions, shops and everyday amenities.
Important points of interest in the wider area include Geri Village Centre | University of Cyprus | Athalassa National Forest Park | Latsia | Nicosia General Hospital.
Combining its 618 m² land area, 60% building density, 35% coverage ratio, 22.50-metre road frontage and location in Geri, this residential plot represents an appealing opportunity for buyers planning a future home or a long-term property investment.
