Tochni sets the tone here: a residential field
within walkin...

For Sale : **€ 120,000**

Description
Tochni sets the tone here: a residential field within walking distance of the village centre, with the village primary school close by. Everyday life can begin on foot, in the rhythm of a Larnaca village with real character.

The land covers 6,689 m² of level ground with an irregular outline. It fronts a public road, so it has direct road access. Its residential zoning gives it a clear purpose: room for a home within the village.

Picture a house taking shape on this even ground, with the school run made on foot and the life of the village all around. Errands, a stroll to the centre and the familiar faces of a small community all sit within easy reach.

The sale is of a 1/2 share of the field, and a distribution agreement is in place.

Level land, its own road frontage and a Tochni setting make a grounded starting point for a new chapter in village life.
