Description
Village life and the sea sit comfortably together here. This residential field lies close to the centre of Pano Pyrgos, so the everyday rhythm of the village is within easy reach, and the beaches are only a short drive away. At 7,024 m², it is a large piece of land in a residential zone, with room for a home of your own. It has direct road access along one boundary, which makes the land straightforward to reach. The plot is irregular in shape and its surface is uneven. It is also affected by road widening. Picture a slow morning stroll into the village, followed by an afternoon by the water once the day warms up. It is an uncomplicated and unpretentious setting, with the relaxed island pace of a village and the coast close at hand. Neighbouring Kato Pyrgos is a short drive too. A generous field on the edge of village life, with the sea never far away, and well worth a visit.
